

IntraPac Metal Tubes

Decoration Specifications

IntraPac metal tubes offer unlimited decorating and printing possibilities including full color offset printing. This guideline illustrates the printable area for each tube size. For electronic art on diskette, zip disk or CD, the preferred platform is Macintosh®. Acceptable software is Quark®, Adobe Illustrator®, PageMaker®, Freehand® or any program that can be exported to an EPS file. If this capability is unavailable, output artwork and it will be reformatted.

Macintosh® is a registered trademark of Apple Computer, Inc.
Quark® is a registered trademark of Quark, Inc.
Adobe Illustrator® is a registered trademark of Adobe Systems, Inc.
PageMaker® is a registered trademark of Adobe Systems, Inc.
Freehand® is a registered trademark of Macromedia.
