

NEW!

IntraPac's New 2" Diameter Tube

The ideal plastic laminate tube
for cosmetic and personal care products

Imagine both beauty and functionality in one plastic laminate tube! IntraPac has put together these benefits in our latest 2" diameter tube.

The new 2" plastic laminate tube provides high barrier protection and can be decorated in a variety of techniques: four color process printing, spot color printing, hot stamp foil and silk screen.

For more information about the new tube or the many other products that we offer, contact us or visit our website www.intrapacgroup.com
